## PROFILE

---

I am a second-year Computer Science student at Loyola Marymount University (LMU) in Los Angeles. I was born in London and grew up in Indonesia (5y), Australia (2y) and Singapore (10y). I have a strong interest in the technological world and am a passionate and dedicated worker who brings strong analytical and collaborative skills to the table.

During my senior year at Singapore American School, I was mentored by an employee working at nuTonomy, a provider of full stack software for automated driving. From my yearlong mentorship I was able to develop skills relating to data analysis and the academic research process.

Continuing my academic career at LMU, I have been able to further improve my skillsets, while also partake in outside projects related to computer science. I am eager and excited to continue exploring new interests and experiences, and am seeking an internship in Scandinavia or Asia for the summer of 2019.

**Nationalities:** Swedish & British. **Languages:** English – Fluent, Norwegian & Swedish – Conversational.

## WORK EXPERIENCE

---

**Turn Music App:** *iOS Developer (Contract)*

Nov 2018 – Dec 2018

Contracted by Turn, to update and improve their collaborative playlist iOS app. Tasks included, updating the overall UI, improving search functionality, and adding new features.

Technologies Used: Swift, Git, Adobe AI & XD, Apple TestFlight

**Combat Academy:** *Developer (Intern)*

May 2017 – Ongoing

Worked on Combat Academy ([www.combat.academy](http://www.combat.academy)), a innovate platform for tracking, coaching and sharing combat sports activities that was launched in January 2018. Primarily worked on resolving web-app bugs, adding web-app features and deploying code to staging and production environments. Was also involved with QC efforts on all platforms (web, iOS & Android).

Technologies Used: React, Git (Bitbucket), Usersnap, Adobe AI & XD

## EDUCATION

---

**Loyola Marymount University:** *B.S. in Computer Science*

2017-2021

Second year student participating in rugby outside of academics.

Achievements: Academic Dean's List and 4.0 in Completed CS Courses.

**Singapore American School:** *High School*

2013-2017

Weekly volunteer as an elementary school flag football coach and cooking assistant. Also participated in varsity rugby and football.

Achievements: Academic Honor Roll, AP Scholar, Student Speaker at Apple Leadership Camp, IDEA Hacks Finalist and Excellence in Engineering Award.

## RELEVANT COURSE WORK

---

**Completed:** Computer Programming (Fall 17), Programming Lab (Spring 18), Data Structures (Fall 18)

**Currently Enrolled:** Algorithms, Computer Systems Organization, Logic Design
